

# **Commercial Select Non-specialty Drug List**

## HOW TO SEARCH THIS DOCUMENT:

1. With the PDF open, press and hold Ctrl+F on your keyboard
2. In the "Find Box", type the name of the medication
3. Click Find Next button until you find the medication you're looking for

NOTE: Refer to your summary of benefits for your cost share on prescriptions. Your benefit design may not include separate pricing for each of these tiers. For most plans a lower tier results in a lower member cost share. This document should be used as a general reference for what drugs the plan may cover; however, this document does not guarantee coverage. Not all strengths or dosage forms may be covered, and formulary status is subject to change. When an equivalent generic drug becomes available, the brand drug will not be covered.

**\*\*\*\*\* THIS FORMULARY IS TO BE USED FOR NON-SPECIALTY MEDICATIONS ONLY. FOR SPECIALTY MEDICATION COVERAGE, PLEASE REFER TO THE ADVANCED CONTROL SPECIALTY FORMULARY**
